

## RULES

1. All scoring will be done on the Angler's honor. Each angler will enter their score on the Reel Time/Fish On app no later than 5:30 pm. Pictures are encouraged but not required.
2. Minimum Size. In order to be recorded as catches, certain species of fish must have a minimum length as outlined on the scorecard. Only five fish per species may be scored per angler.
3. Point System. Points will be awarded at the point value given to each species as noted on the scorecard and will be multiplied depending on the method of catch: bait X 1, artificial X 1.5, and fly X 2. Anglers may try to increase their point totals by catching multiple fish of the same species using different tackle, but only five fish per species will count towards the total.
4. Tackle. In the artificial and fly fishing categories, baits should be "pure lures."
5. Eligible Species: Trout, Redfish, Snook, Tarpon, Cobia, Grouper, Snapper

### Point System:

Type	Trout (Min 14" LOA)	Redfish (Min 18" LOA)	Snook (Min 28" LOA)	Tarpon (Min 36" Fork)	Cobia (Min 33" Fork)	Grouper (Min 12" LOA)	Snapper (Min 12" LOA)
Bait	100	200	300	400	300	200	50
Artificial	150	300	450	600	450	300	75
Fly	200	400	600	800	600	400	100
